The Art Institute of Dallas, Bachelor of Fine
Arts in Graphic & Web Design.

Experience

goTRG – Electronic Warehouse • August, 2019 - April 2022

Started as a temporary in the cleaning area. Was hired full time January 2020 as a tester. Current job duties include: Runner, Tester, GCA, Trainer and whatever else needs to get done.
On Nov 2020 moved to I.T. and created a website for the facility that keeps track of Rollcall, allows for duplicate tracking, pallet tracking and number tracking. Functions that allows one to grab data from Exel docments and use that data to calculate PPH, Total item count for multiple shift in a day. Can also look for errors found in Rack/Pallet placement and show where the errors can be found.

Bath and Body Works – Retail • September, 2018 - May 2019

Duties: Cashier, Stocker & Customer Service. On occasion helped count cash at the end of the day to close the store.

BNGraphics – Web Designer • Original: November 2014 – Revisited: September, 2016

A site to show off the skills of the Graphic Designer. The client wanted an easy to manage site so they could update their information at will.

• HTML5, CSS3, Javascript
• Image Manipulation
• Photography
• Typography

First Love Fellowship – Web Designer • August, 2017 – Revisited: March, 2020

Small church wanting to let people know they are out there and spread the word of the Lord. The site was created for this purpose.

• HTML5, CSS3, Javascript, PHP
• Image Manipulation
• Photography
• Typography
• Information Gathering
